

BLACK MAMBA

Lightweight EV Charger

Have the peace of mind that comes with a **UL Listed charger.**

The Black Mamba is our lightweight, UL Listed EV charging solution. A compact but ultra strong enclosure protects electronics while the 25 foot cable can reach your charging port no matter which way you park. Available in both 40 AMP and 48 AMP models.

Just plug into a standard wall outlet and start charging. An elegant LED ring at the top of the aircraft-grade aluminum enclosure lets you know when you are fully charged and ready to go.

Comes standard with a 'Quik Connect' wall bracket for easy mounting and an industry standard J1772 coupler**

Available in two models:

⚡ 40-AMP from \$999

⚡ 48-AMP from \$1099

Enclosure:

- T6061 aircraft grade aluminum, Rated 4X

J1772 Coupler*:

- 1 with 25' cable
- 6' power cable

Power Supply:

- 40 AMP: NEMA 14-50
- 48 AMP: NEMA 14-60

Mounting:

- 'Quik Connect' wall bracket

Display:

- LED ring charge status message display
